### **Building State Capacity for Addressing the Needs of Students with Word Level Reading Disabilities, Including Dyslexia**

**(1.2 CEUs)**

#### **Description:**

The purpose of this session is to develop an additional cadre of trainers regionally placed across the state who are knowledgeable of dyslexia and are equipped to provide training, at the regional and LEA level, in the area of dyslexia and Specific Learning Disabilities related to reading. This PD will build on the core knowledge of NCSIP Reading Research to Practice coursework through a train-the-trainer model. The cadre of trainers will be selected from current certified Reading Research to Classroom Practice instructors who will connect and extend their training to the development of a deeper understanding of dyslexia based on current research in the field including the following: causes, characteristics, assessment and instruction in reading. Selected participants must be current certified Reading Research to Classroom Practice instructors. Following the initial 2-day train-the-trainer, four virtual follow-up coaching and learning extension sessions will be held by the lead trainer, the SLD consultant and/or Literacy Consultants within the NCDPI Exceptional Children Division. **ATTENDANCE IS REQUIRED FOR BOTH DAYS, AS WELL AS THE 4 FOLLOW-UP VIRTUAL SESSIONS.**
